

22 February 2017

The Health and Safety of all Staff, Trainees and visitors at RSME is the highest priority. Both the Commandant RSME and Managing Director Holdfast are committed to ensuring the working and training environment is safe for all at all times. We are also committed to reducing accidents and incidents through the provision of the correct PPE, the provision of the appropriate equipment and training aids, and the maintenance of the estate and infrastructure. We are also committed to a prominent and inclusive training and education programme to inform and include everyone who works or trains at RSME. In order to be successful everyone needs to be accountable and to take responsibility for their own and their colleagues' or trainees' safety. Prevention is key. Therefore we wish to make clear that everyone is empowered to intervene and challenge anyone, military or civilian, and whatever rank or appointment, who you believe is committing an unsafe act. Equally if challenged you are to treat that challenge with due respect and reconsider how safe your actions are before continuing to finding an alternate solution. Intervention will prevent serious injury or worse.

Please continue to be vigilant and engaged in the Health and Safety of us all so that we all 'Go Home Safe Every Day'.

Brigadier MTG Bazeley

Commandant RSME

Mr NS Chapman

Managing Director Holdfast
